

CIRCUM TECHNOLOGIES LTD

Privacy Policy

Effective Date: 16 June 2026
Company Registration No: 13931698
Registered in England and Wales
circumuk.com

This Privacy Policy explains how CIRCUM Technologies Ltd (Company No. 13931698) ("CIRCUM", "we", "us", "our") collects, uses, stores, and shares your personal data when you use the CIRCUM Platform, including the CIRCUM iOS application, CIRCUM Android application, web application, and all related services. It applies to Senders, Riders, Recipients, and visitors to our website.

We are committed to processing personal data in accordance with the UK General Data Protection Regulation (UK GDPR) and the Data Protection Act 2018.

1. Who We Are

The data controller is CIRCUM Technologies Ltd, registered in England and Wales (Company No. 13931698). For data protection queries, contact us at privacy@circumuk.com.

2. What Data We Collect

2.1 Senders

- Identity: name, email address, phone number.
- Account: authentication credentials (via Google Cloud Authentication), Stripe customer ID.
- Booking: pickup address, destination address, recipient name and phone number, item description, declared weight.
- Payment: payment method details (processed and held by Stripe; we do not store raw card data).
- Usage: delivery history, in-app chat messages, ratings submitted, support tickets, push notification tokens.
- Device: device type, operating system, app version, IP address, approximate location (where permission is granted).
- Trust Points: accumulated Trust Points total, Sender Tier, tier history, point event log (including event type, points change, reason, source, awarded by, previous and new points, previous and new tier, and timestamp). Deduction events are stored in the audit log but are not surfaced in your public-facing Trust Profile.
- Roth wallet: credit balance, transaction history (credits added and redeemed), gift card redemption records, admin token award records, expiry dates where applicable.

2.2 Riders

- Identity: name, email address, phone number, profile photograph.
- Verification: government-issued photo ID, right-to-work documentation, vehicle registration, insurance documents (stored in Google Cloud Storage).
- Vehicle: vehicle type, make/model, colour, registration plate.
- Financial: bank account details for payout, earnings history, balance.
- Location: real-time GPS coordinates during active deliveries.
- Performance: trip history, ratings received, complaints, driver performance metrics.
- Onboarding: application status, onboarding event log (append-only).

2.3 Recipients

- Name and phone number (supplied by the Sender).
- Delivery address.

Recipients do not have authenticated accounts on the Platform. Your details are used solely to facilitate the delivery booked by the Sender.

2.4 Health+ Users

- Health+ profile preferences.
- Prescription pickup bookings and schedules.
- Payment records for Health+ sessions.
- Usage events (append-only audit log).

We do not receive or store prescription content, medical records, or clinical data. That information remains with your pharmacy and prescriber.

2.5 Gifts by CIRCUM Users

When you use Gifts by CIRCUM, we collect the following data in addition to standard account data:

- Gift request details: recipient type (someone else, anonymous, or self), relationship to recipient, occasion, and free-text story describing the recipient.
- Interest selections: categories and sub-interests selected during the “Discover their world” step.
- IRIS preview data: the directional experience summary generated by IRIS based on your inputs.
- Sender details: name and email address for the gift request.
- Recipient details: name, phone number, email address, delivery address, and preferred delivery window (provided by the Sender).
- Payment: gift budget, total amount, and Stripe transaction records.
- Request status: submission, approval, and fulfilment status events.

The story and interest data you provide is used solely to curate the gift experience. It is not used for advertising or shared with third parties beyond what is necessary to fulfil your request.

2.6 Mobile App Data (iOS and Android)

When you use the CIRCUM iOS or Android application, we may collect additional data relating to your device and app usage:

- Device identifiers: device model, operating system version, and App version.
- Push notification tokens: to deliver delivery status alerts and account notifications via Apple Push Notification Service (APNs) or Google Cloud Messaging.
- App performance data: crash reports and diagnostic data, which may be processed via Google Cloud Crashlytics.
- Location permissions: precise location data is collected when you grant permission; this is used for delivery tracking, pickup/destination selection, and Rider GPS. You may withdraw location permission at any time via your device settings.
- Camera and photo library: accessed only with your explicit permission for document upload or profile images. Images are uploaded to Google Cloud Storage.
- Contacts (optional): accessed only with your explicit permission to pre-fill Recipient contact details. We do not store your contacts.

On iOS, data collection and sharing practices are disclosed via Apple's App Privacy labels on our App Store listing. On Android, equivalent disclosures are provided in our Google Play Data Safety section. Both are kept consistent with this Privacy Policy.

2.7 Website Visitors

- IP address, browser type, referring URLs, and pages viewed (via server logs and analytics tools).

3. How We Use Your Data

We process personal data for the following purposes and on the following lawful bases:

Providing and operating the Platform (booking, dispatch, tracking, completion). Lawful basis: performance of a contract.

Processing payments via Stripe. Lawful basis: performance of a contract.

Verifying Rider identity and right to work. Lawful basis: legal obligation and legitimate interests.

Communicating with you about your deliveries or account. Lawful basis: performance of a contract.

Sending push notifications relating to active deliveries or account activity. Lawful basis: legitimate interests.

Calculating and crediting Rider earnings and processing payouts. Lawful basis: performance of a contract.

Providing and improving Health+ prescription delivery. Lawful basis: performance of a contract and legitimate interests.

Processing and fulfilling Gifts by CIRCUM requests, including IRIS curation and Gifts Team review. Lawful basis: performance of a contract.

Processing story and interest data to personalise gift experiences. Lawful basis: performance of a contract and legitimate interests.

Operating the Sender Trust Points and Sender Tier system, including recording point events, tier changes, and audit logs. Lawful basis: legitimate interests.

Sending Trust Points award and tier promotion notifications. Lawful basis: legitimate interests.

Maintaining internal audit logs of trust deductions for fraud prevention and platform integrity. Lawful basis: legitimate interests and legal obligation.

Operating the Roth credit wallet, including processing gift card redemptions, admin token awards, and credit redemptions against Platform services. Lawful basis: performance of a contract and legitimate interests.

Maintaining audit logs and admin records for operational integrity. Lawful basis: legitimate interests and legal obligation.

Responding to support tickets and resolving disputes. Lawful basis: legitimate interests.

Complying with legal, regulatory, and tax obligations. Lawful basis: legal obligation.

Detecting and preventing fraud, misuse, or unauthorised access. Lawful basis: legitimate interests and legal obligation.

Improving Platform features and user experience (including App crash analysis). Lawful basis: legitimate interests.

4. Data Sharing

We share personal data only where necessary:

- Riders receive Sender name, pickup/destination address, and recipient contact for the purposes of fulfilling a Delivery Request.
- Senders receive a Rider's name and profile for the purposes of tracking their delivery.
- Stripe processes payment data on our behalf as a data processor under their own privacy terms.
- Google Cloud processes platform and App data on our behalf under Google's Cloud Data Processing Addendum.
- Apple (APNs) processes push notification tokens on our behalf for iOS users.
- Admin users within CIRCUM can access operational records to the extent permitted by their role (super_admin, operations_admin, support_agent, finance_admin, driver_manager).
- Law enforcement or regulatory authorities where required by law or to protect the rights, property, or safety of CIRCUM, our users, or the public.

We do not sell your personal data to third parties. We do not use your data for third-party advertising.

5. International Transfers

Google Cloud and Apple APNs infrastructure may process data in the United States or other jurisdictions. Such transfers are protected by Standard Contractual Clauses or other approved

mechanisms under UK GDPR Article 46. Google's and Apple's applicable data processing addenda and transfer mechanisms govern the processing of data on our behalf.

6. Data Retention

We retain personal data for as long as is necessary for the purposes for which it was collected, including for the duration of your account and thereafter as follows:

- Delivery records and history: 6 years (for tax and audit purposes).
- Rider verification documents: for the duration of the Rider relationship plus 2 years.
- Rider bank account details: for the duration of the Rider relationship plus 1 year.
- Audit logs and admin notes: 6 years.
- Chat messages: 12 months from delivery completion.
- Health+ booking records and usage events: 6 years.
- Gifts by CIRCUM payment and transaction records: 6 years (tax and audit purposes).
- Gifts by CIRCUM story text and interest selections: deleted 90 days after delivery.
- Gifts by CIRCUM recipient details: deleted 30 days after delivery.
- Gifts by CIRCUM IRIS preview data: deleted 90 days after delivery.
- Gifts by CIRCUM request status and audit log: 12 months from request submission.
- Trust Points event audit log (all events including deductions): 6 years.
- Sender Tier history: retained for the duration of the account plus 2 years.
- Admin and super admin award records: 6 years.
- Roth wallet transaction history (credits added, redeemed, expired): 6 years.
- Roth gift card redemption records: 6 years.
- Roth admin token award records: 6 years.
- Push notification tokens: retained while your account is active; deleted on account deletion.
- App crash and diagnostic data: retained for 90 days by Google Cloud Crashlytics.
- Deleted accounts: account data is soft-deleted immediately; residual records are purged within 90 days, subject to legal retention obligations.

Litigation Hold. Notwithstanding the retention periods set out above, where CIRCUM reasonably anticipates or becomes involved in legal proceedings, a regulatory investigation, an insurance claim, or a formal dispute resolution process concerning a specific transaction, delivery, or gift request, the personal data relevant to that matter will be retained until the matter is fully resolved and any applicable appeal period has expired. Standard retention periods resume upon conclusion of the matter.

7. Your Rights

Under UK GDPR you have the following rights in relation to your personal data:

- Right of access: to request a copy of the personal data we hold about you.
- Right to rectification: to request correction of inaccurate or incomplete data.
- Right to erasure: to request deletion of your data in certain circumstances.
- Right to restriction: to request that we limit processing of your data.
- Right to data portability: to receive your data in a structured, commonly used format.

- Right to object: to object to processing based on legitimate interests.
- Rights relating to automated decision-making: IRIS is a deterministic rules engine. Its classifications may be reviewed and overridden by our admin team. You may request human review of any IRIS decision that affects you.

To exercise any of these rights, contact us at privacy@circumuk.com. We will respond within one calendar month. You also have the right to lodge a complaint with the Information Commissioner's Office (ICO) at ico.org.uk.

If you are an iOS user and wish to request deletion of your account and associated data, you may do so via App settings or by contacting us at privacy@circumuk.com. This is in compliance with Apple's App Store Review Guidelines (Guideline 5.1.1).

8. Security

We implement technical and organisational measures to protect personal data, including:

- Google Cloud Authentication for access control, with role-based database security rules.
- Separation of public and private IRIS data (irisPrivate is restricted to admin and assigned Riders).
- Stripe PCI-DSS compliance for payment processing.
- Append-only audit logs for admin actions.
- TLS encryption for data in transit between the App and our backend.
- Google Cloud App Check to protect our backend APIs from abuse.

No system is entirely secure. In the event of a personal data breach that is likely to result in a risk to your rights and freedoms, we will notify the ICO within 72 hours and affected individuals without undue delay, in accordance with UK GDPR Article 33 and 34.

9. Cookies

Our web application uses essential cookies for authentication session management and security. We do not use tracking, advertising, or analytics cookies without your consent. The CIRCUM mobile apps do not use browser cookies; session management is handled via Google Cloud Authentication tokens stored securely on your device. A full cookie notice for our web application is available at circumuk.com/cookies.

10. Children

The Platform is not directed at or intended for use by persons under the age of 18. We do not knowingly collect personal data from minors. If you believe a minor has provided us with personal data, please contact us at privacy@circumuk.com and we will delete it promptly.

11. Changes to This Privacy Policy

We may update this Privacy Policy from time to time to reflect changes in our practices or legal obligations. We will notify you of material changes via the Platform or by email. The “Effective Date” at the top of this document indicates when the current version was last revised.
